

# Hollow blocks

## Recommended Use

Hollow block dimensions are modular with our mini hollow blocks and unit blocks.

Recommended for ages 3-8.

### ⚠ WARNING

- ▲ Hollow blocks are intended to let children experiment with balance and stability, and learn to manage risk. Unstable structures may topple and could cause injury. Therefore supervision is required at all times.

### ⚠ CAUTION

- ▲ Hollow blocks may be used out of doors but should be stored under cover. Prolonged exposure will spoil them.

Use the tables below to determine if your shipment is complete. If your shipment is incomplete, please call Customer Service.

## Number of cartons per set

Cat #	Name	B020	B060
B652	School set	8	2

<b>TOTALS</b>	<b>88</b>	<b>44</b>	<b>52</b>	<b>26</b>	<b>17</b>	<b>9</b>	<b>8</b>

## Maintenance

Periodically inspect for cracks, breaks, loose parts, missing parts, and/or malfunctions. Remove the product from service when any condition develops that might make operation unsafe.

With hard use, your Hollow blocks may become roughened. Sand them all over with fine sandpaper. Then paint with any good quality penetrating sealer (we suggest Pratt and Lambert, Sherwin Williams, or Devco). You may substitute linseed oil for sealer, but it dries slowly. Be sure to check your finish for the label "safe for children's toys".

## Cleaning

Clean your blocks using a stiff brush and a minimum of soap and water. Too much water may cause warping or rotting. Let the blocks dry thoroughly before play begins.

## Construction

All blocks are made of solid birch with rounded corners and durable zinc plated screws.

## User Modifications

We cannot be responsible for modifications made by customers to our products in the field without our supervision, testing, or evaluation.

## Ordering Parts

To order replacement parts, contact Customer Service with a description of the part(s) needed.

**Use only replacement parts supplied by Community Playthings.**

## IMPORTANT

Retain these instructions for future reference.
